<u>Information Security – Security Associate</u>

Bishop Fox is a rapidly growing, global information security consulting firm, serving as trusted advisors to Fortune 1000, financial institutions, and high-tech startups. Our mission is to secure our clients and their business. Our core practices include Enterprise Security and Assessment & Penetration Testing.

At Bishop Fox, we pride ourselves on an awesome culture with a keen focus on quality. We work hard, but have fun, too. Because we believe great people make great teams, we select our teammates carefully. Some of us are hackers and some of us are engineers – but we're all consultants with a passion for protecting our clients that brings us together.

Generous benefits, flexible hours, and opportunities for growth abound.
